Experience

Software Development Engineer Intern

Jan 2026 – May 2026

IQVenus Technologies

Kolkata, India

- Developed production-grade full-stack applications using **React, Node.js, Express, and PostgreSQL** supporting critical internal business workflows.
- Designed and implemented **7+ RESTful APIs** with input validation, error handling, and optimized query performance.
- Built **JWT authentication** and **RBAC** systems securing sensitive routes across multiple user permission levels.
- Collaborated in a **3-member agile team** to debug and refactor the codebase, achieving a **30% reduction in production bugs**.

Projects

Cloud-Desk | *React, Node.js, MongoDB, Socket.IO, WebRTC, Docker, Redis* | [GitHub](#) | [Live](#)

Dec 2025 – Mar 2026

- Built a real-time collaborative learning platform featuring live video (WebRTC), shared Monaco code editor, and Excalidraw whiteboard with multi-language code execution (Python, Java, C++, Go, Rust).
- Implemented **WebSocket-based session sync**, JWT auth via Clerk, tab-switch detection for session integrity, and containerized using **Docker** with **Redis** for session/state management.
- Load-tested the platform in an **18-participant live session**, identifying and resolving critical issues including video/audio delay, real-time editor sync conflicts, and admin-access control bugs.

Freelance EdTech Web App | *React, TypeScript, Node.js, Express, MongoDB* | [GitHub](#) | [Live](#)

Jan 2026 – Mar 2026

- Sole developer of a full-stack EdTech application with JWT auth, RESTful APIs, deployed on Vercel (frontend) and Render (backend).
- Optimized SEO via **Google Search Console**: **position 1.4** avg ranking, **126 clicks**, **182 impressions**, ~69% CTR within 3 months.

Admin Dashboard | *React, Node.js, Express, PostgreSQL* | [GitHub](#) | [Live](#)

Sep 2025 – Oct 2025

- Built a secure admin dashboard with **RBAC**, multi-theme support, **Arcjet** rate-limiting, and **Helmet.js** hardening; deployed on Render.

Leadership

Technical Head – Institution's Innovation Council (IIC)

Jan 2026 – Present

Techno Main Salt Lake

Kolkata, India

- Manage a 6-member developer team: assign modules, run code reviews, and enforce coding standards across all IIC technical projects.
- Mentor junior members on React/Node.js best practices, reducing new-contributor onboarding time by streamlining documentation.
- Founded IIC's first competitive-programming peer group, mentoring junior IIC members through structured DSA practice sessions with a 5-member core team.

Tech Member – Institution's Innovation Council (IIC)

Nov 2024 – Dec 2025

Techno Main Salt Lake
